Qingdao Peak sea is the national A-class boiler manufacturer, A1 A2 class pressure vessel design qualification, products has achieved ISO9001 quality certificate, OHSAS18001 occupational health and safety management system and ISO14001 environmental management certificate. Our boilers includes many kinds modles & Specifications to suit your requirement, we keep a strong focus on stable quality, safty and low power consumption. Our experienced technical team will continue to strive to provide best solutions to meet your need, you will find us a good partner in business, we look forward to your inquiries.

Features:

High thermal efficiency (with energy saving System and corrugated furnace to increase heating transfer area), environmental friendly, high automation, easy operation and reasonable structure, also with high combustion efficiency.

WNS series Nature gas Light or heavy oil boiler specification

Name	WNS0.2	WNS1	WNS2	WNS3	WNS4	WNS5	WNS6	WNS8	WNS10	WNS15	WNS20	
Rated evaporation capacity(t/h)	0.5	1	2	3	4	5	6	8	10	15	20	
Rated working pressure (Mpa)	0.7 1/1.6	0.7/1.25/1.6	1.25/1.6	1.25/1.6	1.25/1.6	1.25/1.6	1.25/1.6	1.25/1.6	1.25/1.6	1.25/1.6	1.25/1.6	
Supply water temperature (C°)	20	20	20	20	20	20	20	20	20	20	20	
Thermal efficiency(%)	92	92	93	93	93	93	94	94	94	94	94	
fuel consumption for light oil (kg/h)	32	64	127	190	253	316	376	501	626	939	1251	
fuel consumption for heavy oil (kg/h)	34	68	134	201	268	336	400	532	665	998	1330	
Fuel consumption for natural gas (kg/h)	37	75	148	222	296	370	440	587	734	1101	1467	
Chimney diameter (mm)	262	300	400	400	450	550	600	700	800	900	1000	
Boiler shipping size (L*W*H)	2400x1350x1600	3300x1880x2130	4000x2350x2500	4300x2600x2800	4700x2600x2800	5550x2650x2940	5680x2632x2991	6625x2750x3091	7225x2850x3223	8680x3740x3510	8050x3750x3960	
Shipping weight (t)	2.2	4	7.7	9	10.9	13.5	16	21.1	26	40	48.6	

Final specification should be according to final drawing and confirmation, above specification is for reference.
